"We are so proud of our students' achievements and to see all their hard work and efforts rewarded. At HA, we provide a warm and professional environment where students can grow both intellectually as academics ready to take on new challenges and as confident, upstanding citizens. We know they leave us with great self-confidence to begin the next stage in their learning journey. We would like to thank our sixth formers for their immeasurably positive contribution as role models for our younger students. They will all go on to be great standard bearers in our

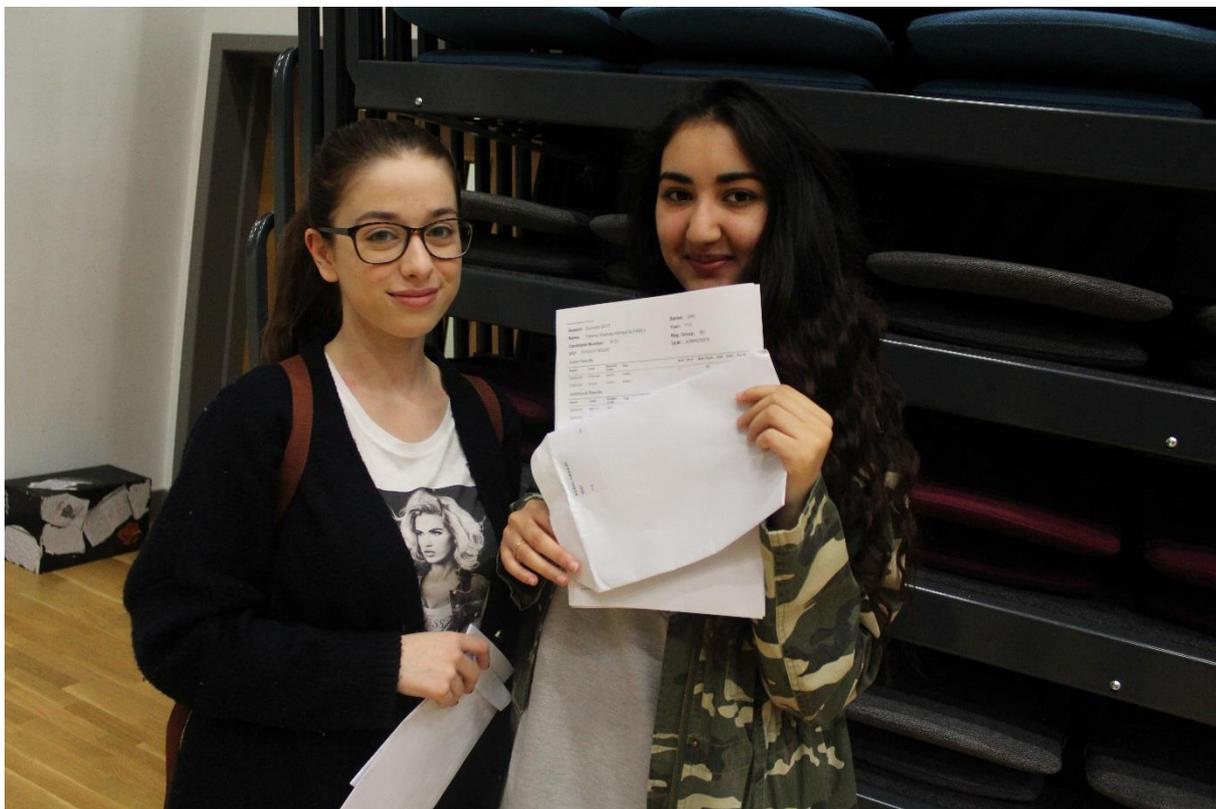

society. I would like to thank the teachers for their tireless work and all our parents and families for the support they have given our students to achieve these, our best ever A' Level results."
