

AQA psychology summer task

Task 1 Complete the following lesson

<https://www.tutor2u.net/psychology/reference/definitions-abnormality-statistical-infrequency-online-lesson>

Task 2 Read the following article

<https://www.tutor2u.net/psychology/reference/wundts-contribution-to-psychology>

Using the link read and then complete activity 1 on Wundt's contributions to psychology.

You will be expected to be able to explain what you have found out in class in that first week, you will also be given a short recall test, so a simple copy and paste won't help you! Make sure you have a good understanding of these points before we start in September.

Activity 1

What is Psychology?

What is psychology?

What do psychologists do? What are the different areas a psychologist might study?

How do psychologists find out about behaviour? What sorts of methods can they use?

Complete the quiz: <https://www.tutor2u.net/psychology/reference/origins-of-psychology-revision-quiz>
